C1 to C8 – Only Corvette Central has it all!

Be sure you have the catalog that’s right for you...let us know the year of your Corvette.

FOR 1953-2022 CORVETTES
Corvette Central has been a leading manufacturer and distributor of Corvette parts and accessories since 1975. In 2001, we moved into our current facility which included the implementation of an automated order picking system. This allows us to better control inventory and to pull orders efficiently. In 2004, we added on a new manufacturing facility where we produce 4,000 of the over 60,000 parts we sell.

Corvette Central is proud to offer the most comprehensive and detailed parts catalogs on the market today and produces a different catalog for each Corvette generation. All catalogs are also online with full search and order features. From the first V8 to C8, only Corvette Central has it all.

Who we are...

Family owned and operated for over 45 years

Customer satisfaction has always been one of our main objectives. We aren’t talking about a no hassle return policy here – everyone offers that. We are talking about remedies for products that don’t seem to fit or work right. At our end, we have over 45 years experience in the manufacturing and sales of Corvette parts. This unparalleled background assures Corvette Central customers that the products they purchase are the best available, and if a problem should arise, we know how to help.

Product assistance hours: Monday thru Friday, 9:00 to 5:00.

When looking for product assistance, there are a couple of things to keep in mind. First of all, it is very difficult to help customers with indepth technical problems if they aren’t well informed. Please review your service and assembly manuals before you call – this will make solving the problem much easier.

Last but not least, whether you are doing the work or having it done... be sure to call us at the first sign of trouble. It’s very hard to resolve a problem after the part in question has been damaged, no matter who’s at fault. Let’s be fair, everyone makes mistakes. The important thing is working together to resolve them.

Owning your Corvette can be a very rewarding experience. We also understand how frustrating it can be when things aren’t going smoothly and there’s no one to assist you. We are here to help.
Please Check Our WEBSITE for seasonal or special Holiday hours. Corvette Central is closed from December 24 through January 1.

Corvette Central meets the thresholds for many states that have passed sales tax laws/regulations and is now required by state law to collect and remit sales tax on purchases made by individuals in those states.

Dealer Wholesale Program
Corvette Central offers a wholesale discount program that is based on the amount your company purchases annually.

To Qualify:
• You must be an auto related business
• Your business needs to have a current sales tax license from the state in which you do business.
Please go to our website for more information and the application forms.

Start To Finish Discount Program
Private individuals planning a complete restoration project should go to our website for information on this program designed with them in mind.

We are the Caretakers of the Legend, and the Legend is Quality.
We know that your Corvette is important to you and you will only put parts on it that look good and work right. That is why our quality standards are so high. If we wouldn’t put it on our Corvette, we won’t list it. Some of our vendors are just a guy in his garage that figured out how to make a particular part that you need. Sometimes he might have a problem getting it made quickly. We do our best to keep in contact with our suppliers every day to keep the parts coming and keep good communication with you, our Valued Customer. We’ve been doing it for over 45 years and we will keep doing it to keep the Legend going strong.
Small packages are sent by U.S. Postal Service Priority or First Class Mail. This service is the fastest and most economical for this size of package. The U.S.P.S. delivers to the continental United States, as well as Alaska, Hawaii, Puerto Rico, U.S. Virgin Islands, and military addresses (APO/FPO) Monday through Saturday. Larger packages will be shipped regular ground service by UPS. Ground service delivers to a large section of the U.S. within 3 days from our location.

Corvette Central offers Next Day, 2nd Day, and 3 Day air delivery services. Saturday delivery service is only available with Next Day air charges for an additional fee. There is an additional delivery fee on shipments to residential areas.

Changes recently made by UPS have impacted shipping costs. UPS no longer uses ACTUAL WEIGHT of packages to calculate shipping. They now use "DIMENSIONAL WEIGHT" of packages. We measured every product we sell and entered that information into our system. This enables our system to calculate the size of package your order will ship in and calculate the shipping costs when the order is placed. Retail customers pay shipping for entire order on the 1st shipment. Corvette Central audits the calculated shipping charges after each order is complete. If we have overcharged you, we will automatically send you a Merchandise Credit for that amount you overpaid. Currently this is the best way to be fair to our customers.

Due to the wide variety of specialty products we distribute, back orders are unavoidable in some cases. Normally back orders are shipped in 7 to 10 business days. We automatically ship back orders or, if you wish to cancel your back order, please call or email for a cancellation number.

If you need your order processed and shipped the same day, we offer “RUSH” service. For an additional $5.95, any order received before 1:00 PM ET will be processed and shipped that same day. Orders received after 1:00 will ship the following business day using the “RUSH” service.

All damages, shortages, or errors must be reported within 7 days of receipt of package. Please have invoice ready when you call.

If there appears to be any external damage, i.e. crushed or dented side or corner, any tears or holes in package, immediately inspect contents of package for parts damage. If damage is found, DO NOT CONTACT THE CARRIER. IMMEDIATELY CALL CORVETTE CENTRAL AT (800) 345-4122 to report any damages.

Do not destroy the package or box that the item shipped in. Please save it for inspection by the carrier.

Have the package and invoice with you when you call.

If a claim is filed, arrangements will be made for pickup of package with entire contents.

See the back of your invoice for a complete list of Return Policies and Procedures.

There is no need to call for authorization. Fill out the return slip enclosed with your shipment, and send the package back to us. It is recommended that you insure the package and retain your receipt of shipment. Items must be returned in the original packaging for credit.

All returns must be made within 60 days of invoice date. After 61 days a restock fee will be charged.

No returns on electrical products or tools.

Items that have been installed, altered, damaged or are otherwise not in a condition to be resold will be returned to the customer at their expense.

• Shipping and handling charges on refused shipments are the responsibility of the customer.

• See our WEBSITE for Current Prices.

• Some products have additional shipping charges due to heavy weight or oversize dimensions.

See our WEBSITE for a full list of Policies.

Corvette – America’s Star Spangled Sports Car
Complete History – 1953-1982 By Karl Ludvigsen

Corvette - America’s Star-Spangled Sports Car: The Complete History, 1953-1982 takes the reader behind the scenes during the early decades of Corvette design, engineering, brand development and racing competition. Award-winning automotive historian Karl Ludvigsen weaves together a technical examination of each model year with the compelling stories of the GM staffers and privateer racers who - through equal parts talent, passion and sheer force of will - kept the Corvette program thriving against heavy odds. Ludvigsen’s up close and personal telling of the Corvette story captures the human drama and fierce rivalries that fueled the American car industry’s golden age and resulted in some impressive Detroit muscle.

Now the award-winning author has fully revised, reorganized, and expanded his Corvette bible, devoting 784 pages (1973 version was 320 pages) and 989 photos and illustrations (1973 version was 500) to the complete history of the C1, C2, and C3 generation cars. As fast-paced and exciting as the cars it describes, this is a book for anyone who ever drove a Corvette or wanted to.

Awarded “Book of the Year” by the highly respected Motor Press Guild and Winner of the “Dean Batchelor Award” for best Motorsports Journalism of 2013!

In 1957, young GM designer Peter Brock penned what would become the first Corvette Sting Ray. Brock’s new book tells the fascinating inside story, from GM VP Bill Mitchell’s foreign inspiration, to the design of the prototype, to the secret creation of Mitchell’s personal racer, to the 1963 production car. More than 180 never before seen images share the behind-the-scenes history and evolution of the Sting Ray, including Brock’s original studio drawings showing the variations that were contemplated. The story is far more than the design of an American icon; it’s a personal history of the era and the inside story of the team that collaborated to create the iconic 1963 Corvette Sting Ray. 144 pages, 9" x 12”. Printed in the USA.

Zora Arkus-Duntov: The Legend Behind Corvette

See how a gifted engineer who experienced the Russian Revolution first hand became the guiding force behind the legendary Corvette and became a legend himself. Zora's engineering accomplishments were remarkable, although not all were fully appreciated at GM. Though he never stopped rebelling against the GM culture, he remained focused for over twenty years on making the Corvette a high performance legitimate sports car. Author Jerry Burton takes you inside the walls of GM and inside the mind this automotive genius. Burton has illustrated his biography with hundreds of unpublished photos, blueprints and archival documents - many from Duntov's personal collection. Hardbound. 400 pages. 200 Black and white photos.

#### Stormproof Car Covers with Emblem

- 4 Year Warranty

**Stormproof material is a great all weather cover. It exhibits outstanding sun and U.V. resistance and will last for years in the sun without fading. The micro-fiber base material is soft to the touch and won’t scratch a car’s paint – yet it rolls up into a very compact package for easy storage. Stormproof feels more like an expensive golf jacket. It accomplishes the needs of a premium car cover material without coatings which can easily wear off, treatments which fade over time, and processing which can be undone the first time it is exposed to water. Stormproof is immune to this because it is inherently water resistant. The fibers have been designed to reflect UV rays and be immune to the color fading caused by the harsh sun. Stormproof will last for years and compliment your vehicle with exciting colors and two-tone designs.**

The Lower Cost Alternative

Triguard

- Embroidered Emblem

Coverking has comprised Triguard out of three layers and each layer is treated with UV retardant to ensure your Corvette is protected against the sun’s rays. The middle layer of polypropylene goes through a meltblown procedure, which means that it is heated and rolled so that it is water-resistant. The middle layer is then inserted between two layers of Spunbound fabric, which means it is compressed in a way to allow breathability in return preventing mildew and rot build up. Triguard’s material is easy to clean, store and is light weight. 2 year warranty.

The Lower Cost Alternative

Triguard

- Embroidered Emblem

Coverking has comprised Triguard out of three layers and each layer is treated with UV retardant to ensure your Corvette is protected against the sun’s rays. The middle layer of polypropylene goes through a meltblown procedure, which means that it is heated and rolled so that it is water-resistant. The middle layer is then inserted between two layers of Spunbound fabric, which means it is compressed in a way to allow breathability in return preventing mildew and rot build up. Triguard’s material is easy to clean, store and is light weight. 2 year warranty.

Invisible Under Carriage Spray
Adam’s developed this special product to make your wheel wells and under carriage completely invisible. Spray after a wash and before detailing for best results. You’ll love the low-gloss, dark finish that this Invisible Under Carriage Spray leaves behind. Guaranteed to please.

Brilliant Glaze
Adam’s Brilliant Glaze takes personal reflection to a new level. This liquid glaze adds depth and clarity to chrome, glass, and paintwork. Brilliant Glaze is a top seller for its extreme ease of use and for its ultra-high gloss results. Product can be used in direct sun and has no dust. Shake well before and during use. Product separates by design. Not for use on oxidized finishes.

Adam’s Strip Wash
Adam’s Strip Wash is a concentrated soap blend that removes any wax and sealant protection as you clean your ride, preparing it for paint correction session with a machine polisher or hand polish, or to start clean with a fresh layer of sealant or wax.

V.R.T. (Vinyl, Rubber, Tire)
Enhance and protect the appearance of plastic, rubber, tires, moldings, dashboards, and door panels. Adam’s V.R.T. contains no harmful silicone or alcohol. The thick moisturizing cream applies easily with a sponge and will not leave a greasy film, attract dirt, or harm paint and glass. Added U.V. protection keeps vehicle interiors and exteriors looking and feeling like new.

In & Out Spray
Watch your faded and dull trim go from boring to brilliant with a single treatment of one of our all time best products. An aerosol spray dry to the touch within moments and still capable of restoring your faded and dull plastic, rubber, and vinyl trim to like new condition with just a single spray. Use this amazing product on all the hardest to reach areas, like air conditioning vents, wiper cowls, grilles, and even under the hood to dress your engine compartment.

Detail Spray
This “Best of Show” winner is a favorite at car shows. Use as a waterless wash, a clay bar lubricant, or to enhance the depth and clarity of paint, chrome, plastic, aluminum, and glass. Specially formulated lubricants gently remove dirt, smudges, and grime, leaving surfaces with a smooth, ultra-high gloss finish. Use in the sun or shade, and in hot or cool temperatures.

Buttery Wax
Leading the charge in technological advances, Adam’s Butter Wax is formulated with a special blend of polymers, resins, and natural Carnauba. Butter Wax contains no cleaners or abrasives, and will not stain plastic or rubber. Always treat an imperfect finish with Clay Bar and Polish before applying Butter Wax.

Car Wash

Corvette Central has been a leading manufacturer and distributor of Corvette parts and accessories since 1975. In 2001, we moved into our current facility which included the implementation of an automated order picking system. This allows us to better control inventory and to pull orders efficiently. In 2004, we added on a new manufacturing facility where we produce 4,000 of the over 60,000 parts we sell.

Corvette Central is proud to offer the most comprehensive and detailed parts catalogs on the market today and produces a different catalog for each Corvette generation. All catalogs are also online with full search and order features. From the first V8 to C8, only Corvette Central has it all.

Our primary product is your satisfaction

Customer satisfaction has always been one of our main objectives. We are not talking about a no hassle return policy here – everyone offers that. We are talking about remedies for products that don’t seem to fit or work right. At our end, we have over 45 years experience in the manufacturing and sales of Corvette parts. This unparalleled background assures Corvette Central customers that the products they purchase are the best available, and if a problem should arise, we know how to help.

Product assistance hours: Monday thru Friday, 9:00 to 5:00.

When looking for product assistance, there are a couple of things to keep in mind. First of all, it is very difficult to help customers with indepth technical problems if they aren’t well informed. Please review your service and assembly manuals before you call – this will make solving the problem much easier.

Let’s be fair, everyone makes mistakes. The important thing is working together to resolve them.

Owning your Corvette can be a very rewarding experience. We also understand how frustrating it can be when things aren’t going smoothly and there’s no one to assist you. We are here to help.
